LEECH THERAPY 2009

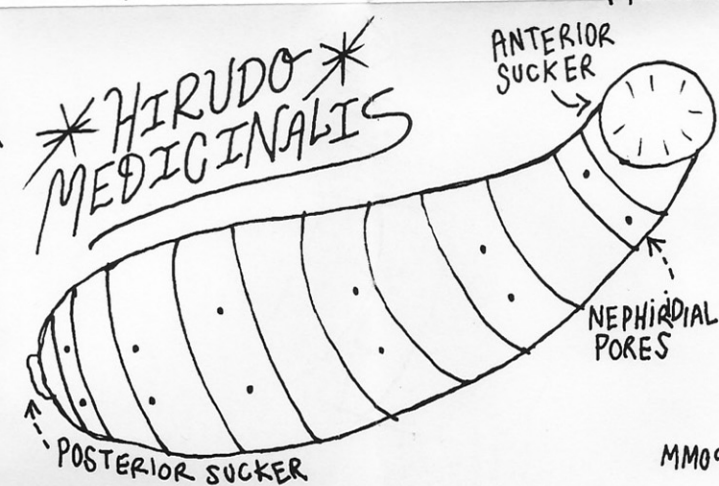

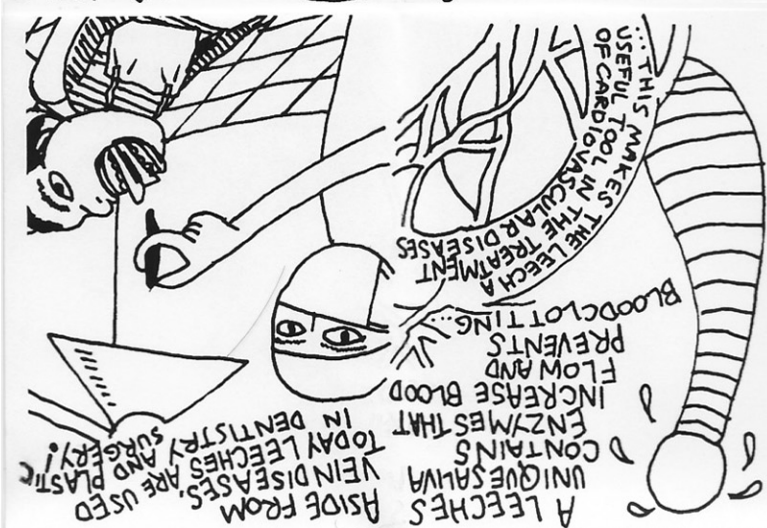

5,000 YEARS AGO, EGYPTIAN MEDICS USED LEECH THERAPY (LEECH BLOOD SUCKING) AS AN ALMOST UNIVERSAL CURE AS DID MEDIAEVAL EUROPEANS!

TODAY, ANCIENT METHODS HAVE MADE A COMEBACK. ONCE AGAIN DOCTORS ARE UTILIZING THE LEECH'S NATURAL ABILITY AND CHEMISTRY IN THE TREATMENT OF HUMANS!

A LEECH'S UNIQUE SALIVA CONTAINS ENZYMES THAT INCREASE BLOOD FLOW AND PREVENTS BLOOD CLOTTING...

ASIDE FROM VEIN DISEASES, TODAY LEECHES ARE USED IN DENTISTRY AND PLASTIC SURGERY!
